

Projectile End Plug

The projectiles must never be fired without the end plug.

Article 2104

End Plug

1

End plug for
Projectile Rescue 230 (Art. No. 2101)
Projectile Rescue 150 (Art. No. 3101)
Projectile PLT®/Mini-Rescue Buoy (Art. No. 4105)
Projectile PLT® Rescue Buoy Long Range (Art. No. 2102)
Projectile PLT® Mini 100 (Art. No. 4101).

Operations

The End Plug makes sure that the line stays protected inside the projectile body. It is also a vital part when launching the projectile with high pressure air.
